

UniFiji to Host Open Day

Open Day is an important annual event for The University of Fiji and is anticipated by staff as well as prospective students. The University recognizes its role to provide lifelong learning opportunities to all through a student-friendly environment with creative thinking and innovative values to advance knowledge-based development.

The main objective of the Open Day is to allow prospective students to visit the University and explore more on the programmes and facilities offered by the University. Awareness on these will help the students to make well informed decisions on their studies and career paths.

The UniFiji Open Day will be held on Monday 25 and Tuesday 26 June, 2018 with the intent to enrol students for Semester 2, 2018 as well as Semester 1, 2019.

Speaking about the Open Day, the Marketing and Public Relations Officer, Ms. Shirley Prasad, stated that the two days would allow students to explore UniFiji facilities and learn about the University's programmes and much more.

"The University of Fiji is its 13th year of existence and has over 2800 Alumni. UniFiji is especially unique as it caters for the vast majority of students from low socio-economic status. During the Open Day, students will be able to better understand the stance the University takes and its commitment to quality higher education. Students will also be able to explore prospective career paths and which programmes are suited for their chosen career. Here at UniFiji, our focus has always been to put students' needs at the forefront as students are the most important stakeholders of the University," she stressed.

Individuals from all walks of life are encouraged to be part of the Open Day.
