## Foreward

The Centre was officially launched on 17th of August 2007. It plays a major role in the study of iTaukei language, culture, society, economy and leadership as well as encouraging the development of an inclusive and united Fiji where its ethnic population can develop a greater understanding of and respect for cultures, beliefs and practices.

Possible careers include working in iTaukei Administration, interpreters in court and tourism, translation work, books, legal documents, media personnel as reporters, announcers and teachers in both primary and secondary schools.

iTaukei Language is also offered to non-iTaukei speaking students as part of UniFiji's effort to bring better understanding between the various cultural groups.

The programmes are fully operational in both Saweni and Suva Campuses.
